War Stocks debt payment not to be deferred. The Plea of Premier Poincare to defer the maturity date of the \$400,000,000 debt which is owned by France to the United States on the account of the purchase of army stocks after the close of the World War, from August 1 to December 31 was not granted.

Byrd reports 20,000 miles of new lands! Commander Richard E. Byrd stated today in his official report to the Navy, that the aviation expedition he heads into the Antarctic has seen at least 20,000 square miles of hitherto unknown Antarctic areas.

Film actress Gladys Brockwell was hurt when her auto leaped an embankment in Hamburg, Germany. Her face is badly disfigured and there is little hope for recovery.

Man found dead following party. Sean Woodhead is dead and three of his companions are being held in the Arkham Jail while an investigation is being conducted. Woodhead, along with the others, began drinking yesterday morning according to evidence gathered by the Police today. A gallon of moonshine whiskey was consumed by the group. They then came to Arkham and secured more liquor, it is said. The investigation is ongoing.

THEFT DELAYS NEW EXHIBITION AT MUSEUM

The much anticipated new series of exhibitions at the University Exhibit Museum has been delayed until next week due to an unforeseen problem with a missing artifact. Dr. Robert Gladding, Junior Curator at the museum, spoke to our reporter yesterday. He confirmed that at least one of the new artifacts, on loan from the Boston Heritage Center, has disappeared.

At first it was suspected that the artifact had been misplaced, but on examination of the entire consignment from Boston the Police were notified. Gladding said, "Although theft is unlikely, as the artifact in question has little value, we cannot rule it out at this time." The investigations continue and now work is underway to change the exhibit in order to compensate for the missing items.

THIRD ANNUAL GALA EVENT OPENS

Arkham Choral society is pleased to announce that the third annual Choral Music Gala will be held next month, beginning on the 17th July. The gala is always well supported by local dignitaries and this year's guest speaker is Professor William Dyer, of Miskatonic University.

DANCE EVENT HAILED A GREAT SUCCESS

One of the most successful dances ever sponsored locally was staged last Tuesday evening by Arkham's Daughters of the American Revolution Society. Walker's Blue Bonnet Boys from Tuscon furnished the music for the delightful dance program. It was the second appearance of the orchestra at a local affair and as an added attraction a lady singer performed.

BOSTONIAN ACADEMIC ARRIVES IN ARKHAM

Mr. Victor Ingram is scheduled to arrive in Arkham any day now. A senior curator from the Boston Museum, Victor Ingram, is scheduled to visit the Miskatonic Exhibit Museum. Whilst in town, he is due to judge the exhibit competition between the junior curators of our museum. To the curator with the best exhibit, goes the honor of taking the vacant role of senior curator, and it is expected that the competition will be fierce.

LOCAL MATRON IS FETED BY BAPTIST SOCIETY

Mrs. A. Tilton was honored with a party given last Wednesday afternoon at the home of her mother, by the missionary society of the First Baptist Church of Arkham. Invited guests were treated to songs and excellent food.

NEW ROAD SIGNS EXPLOIT GROWTH

Two large permanent signs were erected to inform the public early this week by the Miracle Construction Company of Boston, the successful bidder on Arkham's paving and street light program.

SIX PERSONS HURT

YOUNGTOWN, Ohio, June 29 - Six persons were seriously injured and 22 others received severe cuts and bruises in the crash of the Nevin Line bus bound from Pittsburgh to Detroit.

Franklin D. Wilmott, owner of Nevin Line, made a statement yesterday: "We are shocked by this tragic crash that has injured so many. Our prayers are with the injured and it is hoped that soon the driver will be well enough to describe the facts of the crash to the police."

MYSTERY WOMAN ATTACKED IN UPTOWN

A disturbance occurred around 7:00pm last night in West High Street when a young woman collapsed. Bystanders were able to provide assistance to the woman who was obviously in distress and grievously injured. The police were summoned and were quickly on the scene.

An ambulance took the young woman, who as yet remains unnamed, to St. Mary's Hospital for urgent treatment. Detective Garrison of the Arkham PD has made an appeal for any witnesses to the incident to come forward and provide statements. Police are treating the incident as a criminal one.

Garrison also expressed surprise, remarking that this type of crime was unusual for the district, one of Arkham's wealthiest areas, but he felt this was an isolated incident and citizens of Uptown should not worry unduly.

WANTED

CALLS TO INVESTIGATE RIVER DOCK SMUGGLING

Concerned citizens of Arkham addressed the bi-monthly town meeting last night and chief amongst the concerns was the increasing numbers of strange, foreign people slipping ashore via the docks late at night. It is as yet unclear from where these people come from but the regularity of this, so called, human smuggling has prompted the city to launch a civil investigation into the matter with the dock authority responsible for the matter.

MISCELLANEOUS

Church leaders have been quick to quash rumors that the Old Arkham Graveyard is now haunted. Representatives from several denominations spoke at last night's town meeting. They dismissed the figure that many have seen moving amongst the headstones as the work of a vagrant or bored student as no damage was discovered.

Arkham's Council has ordered the Municipal Camp Ground to be officially closed upon the recommendation of the Town Health Officer M. E. Wood. This order followed a report of a special investigating committee which reported that the camp site was without any sanitary facilities and was a menace to public health.

Theatre enthusiasts will be pleased to note the re-opening of Arkham's Manley Theatre next month. It is hoped that the refurbishments carried out by the Amateur Theatre Company will attract a new following of arts patrons. Upcoming performance schedules are being currently assembled and shows from across the country will soon be performed. The first production, by an acting troop from France is entitled, 'The King Cometh'.

CAMPUS INFORMATION

Sporting events at the Miskatonic Athletics Field will be suspended for the summer vacation.

TO THE EDITOR

Dear Sir,

Frankly I am appalled that the police have failed once again to take prompt action to stop illicit activities from occurring on the Unvisited Isle. It is clear to all who live within sight of the cursed Island that there are miscreants, no doubt devil worshippers or some such, conducting ceremonies there. Fires have been seen from the Garrison Street Bridge. Reports to the police have fallen onto deaf ears with the response that there is not enough evidence for an investigation. It is about time the APD started to take our children's safety as a priority!

Concerned of Arkham.

Dear Sir,

It is clear that adult education should not be taken as lightly as the rather trite article that appeared in Tuesday's edition of the Advertiser. Many adult residents of Arkham have benefitted from the application to life long learner as advocated by our centre, and to suggest that it was nothing more than a club for housewives is both ill-informed and disrespectful.

The new Buick is the new Style

**Men and women on every street--
--in every city and town-- are pro-
nouncing the new BUICK with
Masterpiece Bodies by Fisher, the
most beautiful automobile of the
day--**

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized--when imitation was destroying individuality--these epic Buick creations introduced an entirely new mode--

A mode of body-symmetry--of size and magnificence--of soft contours instead of straight lines--of embossed side and hood

panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed--and the full significance of Buick's achievement has become apparent to the public--enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.
