# Arkham Directory

This directory contains a list of the individuals, businesses, companies, and enterprises that you will need to consult during the course of your investigations in Arkham. In many cases you will find the entries sorted alphabetically for your convenience, normally by surname.

For example Albert N. Wilmarth will be listed as Wilmarth, A, with a location of U15, his home. He is also listed under the category of MISKATONIC UNIVERSITY with a location of C15 (the Liberal Arts Building of the Miskatonic University Campus), his place of work.

You may find it useful when conducting investigations to use this directory as a resource for finding evidence. For example, you might be looking into an evil ring of high society cultists, who have been torturing their victims.

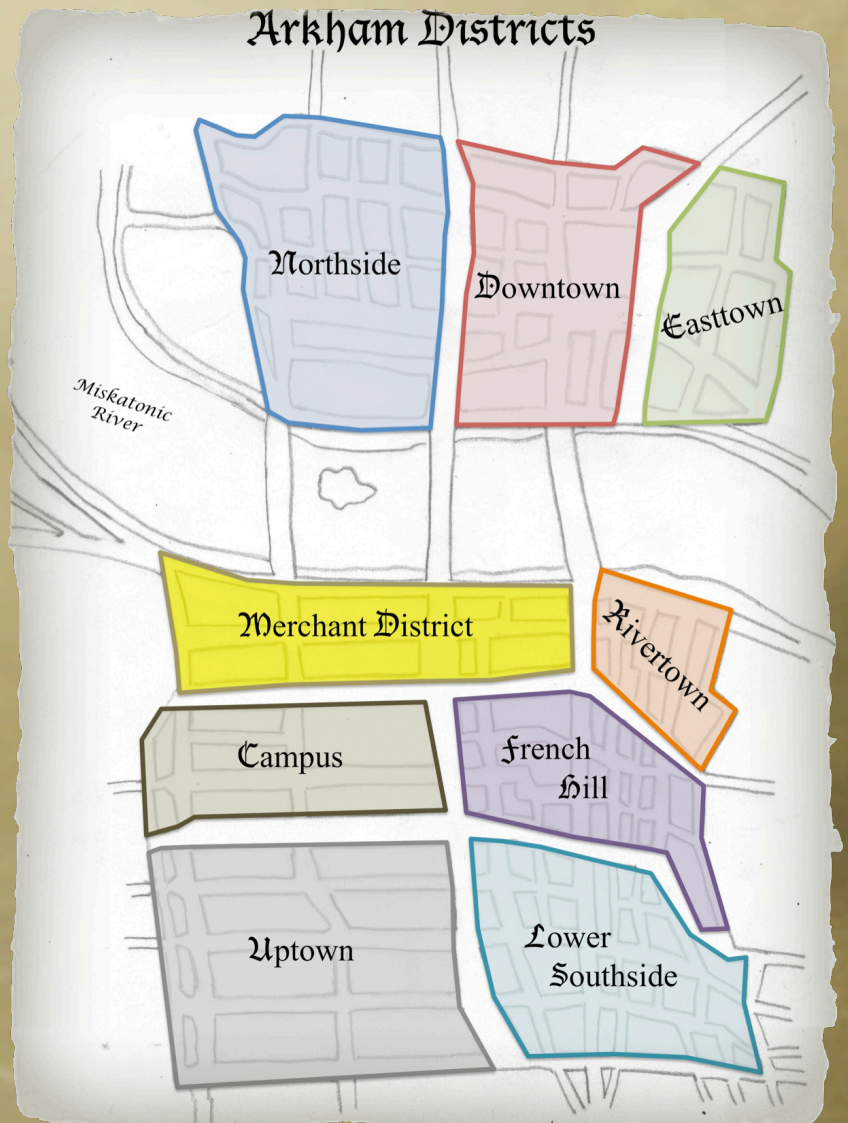

You might find information from MEDICAL CARE facilities about the nature of the injuries, or SOCIAL CLUBS to probe who might form the membership of this cult. It is useful to be in the mind set of approaching each investigation as you would a real life one. The resources of the town are at your disposal, the libraries and newspapers, the stores and the university. Use them to help delve deep into your investigations.
